LAKE CHELAN

is a recreation destination any time of year! For generations families have packed up their flip-flops and tank tops and headed for the lake, to enjoy the beauty and serenity the Lake Chelan Valley offers.

Whether you enjoy playing golf, shopping, water sports, hiking and biking, snowmobiling, skiing, or more leisurely pursuits, Lake Chelan has something for you!

CHELAN VALLEY

includes the cities of Chelan and Manson at the foot of the lake, and the remote community of Stehekin at the head of the lake. The only way to reach Stehekin is by boat or float plane, and if you want to get away from it all - this is the place. There is no television service, and the only phone is a satellite pay phone near the landing. When you want to leave the hustle-bustle behind, there is no more scenic and calm a place than Stehekin!

Boating

1.) BOATING

Lake Chelan is a 55-mile long lake, comprised of two unique basins divided by a shallow sill known as the “narrows”. The largest basin, the Lucerne, holds about 92% of the lake in the northern three quarters. The smaller, Wapato Basin, is only 400 feet deep and 12 miles long. This is where the majority of the summer recreation takes place, closest to the City of Chelan.

BRING YOUR OWN OR RENT

There are a couple year-round public boat launches, and several seasonal launches on Lake Chelan. See the map on the next page for launches, pump-out and refueling stations. *Also available for rent:* You can rent boats, water skis, wakeboards, tubes, scuba gear, canoes, kayaks, and more. Check the directory under Rentals.

2.) WATER SKI & WAKEBOARD

One of the most popular recreation activities on the lake is being pulled behind a fast-moving boat on skis, a tube or a wakeboard. Often the best time for calm waters is in the morning or late afternoon.

Please remember these important safety requirements:

Always wear an approved flotation device. Observe the boat and water use regulations for the City of Chelan and Chelan County. A brochure is available at the Visitor Information center, or by calling the City of Chelan Police Department at (509) 682-2588.

3.) BUMPER BOATS

Another fun way to get wet at Lake Chelan! These floating motorized boats are always fun for kids of all ages. It's like the carnival bumper car ride, but on the water. Located at Don Morse Park. Group rates by reservation only by calling (509) 682-8024.

4.) AQUA JUMP IN THE LAKE

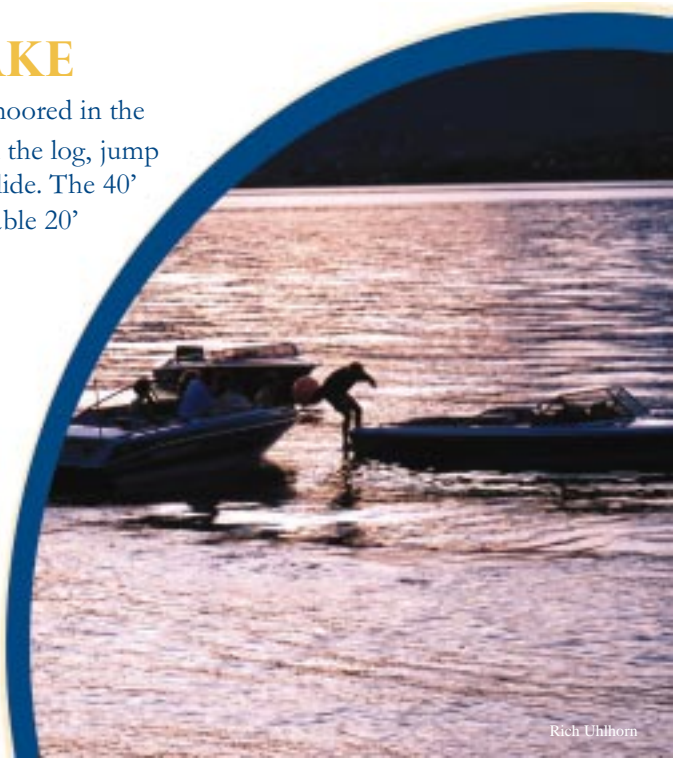

A great new innovation combining a trampoline, slide and log, moored in the lake for hours of fun. See how well you stay balanced as you roll the log, jump from the trampoline into the water, or slide down the attached slide. The 40' Aqua Jump is moored at Chelan Boat Rentals, or rent their portable 20' version.

Chelan Boat Rentals (509) 682-4444

5.) SCUBA DIVING

Lake Chelan's upper basin, called the Lucerne Basin, is among the top three deepest gorges in the nation. A depth of 1,486 feet is reached in the area of the lake that is only one mile wide. When the lake is at "full pool" during the summer, the gorge dips 386 feet below sea level. Scuba Divers come from far and wide to be able to scuba dive to great depths, and still enjoy the hot Lake Chelan weather. ***Don't want to bring your gear? Rent it!***

6.) PARASAILING LAKE CHELAN

If you are up for a view of the lake like no other, parasailing is a great way to sail high above the water – alone or in tandem. With options including a “toe-dip” or “atomic drop free-fall”, parasailing can be a relaxing flight over the lake, or an exciting rush for the thrill junkie. Reservations are advised.

7.) CANOE

A fun way to see the lake is by paddling around in a canoe. If the big lake is daunting, try one of the smaller lakes near Manson. If you don't want to bring your own, rent one!

8.) SNORKELING

Kids love scouting the bottom of crystal clear Lake Chelan for hours of fun. Many local retailers sell snorkel gear. The simplest of equipment, rubber mask, mouth piece, and a sense of adventure is all you need. Oh - don't forget the sunblock!!

10.) FISH LAKE CHELAN

The Lake Chelan Valley has been known for its world-class fishing since the first settlers arrived in the late 1800's. Each year stocking programs release nearly 900,000 trout and salmon in Lake Chelan.

The Lake Chelan fishing season is open year round, but you must check with the Department of Fish and Wildlife pamphlet for license requirements and limits, available at the Visitor Information Center, or area sporting or hardware stores – check the Directory.

The two largest species of fish found in Lake Chelan are Chinook (King) Salmon and Lake Trout (Mackinaw). A typical catch ranges from 6 to 10 pounds, but it is not unusual to hook a 20 pounder. Rainbow Trout are also found in large supply at the lake.

11.) THE RIVERS

Stehekin River - At the head of 55-mile Lake Chelan the Stehekin River offers some of the best fly-fishing in the Northwest.

Catch & Release Season opens March 1st in the lower river, but bait is prohibited. Only a single, barbless hook is allowed.

Regular Season is July 1st through October 31st for Native Cutthroat and Rainbow Trout. Check current regulations – only artificial bait is allowed.

Columbia River - three miles from Chelan, down the scenic Chelan Falls Gorge Road, the Columbia River is a favorite for Rainbows, Sturgeon, Walleye and Catfish.

If you would like to learn how to fish Lake Chelan or other local waters, schedule a guided fishing trip with a local guide.

12.) AREA LAKES

Wapato Lake - Located 10 miles from Chelan, this local favorite is stocked with Rainbow, Large Mouth Bass, Bluegill, and Crappie.

Antilon Lake - Just up the road from Wapato Lake, great catches of German Brown Trout and Crappie keep anglers returning every year.

Roses Lake - Located 10 miles from Chelan, this popular lake has Rainbow Trout, Bass and Catfish. Also a popular spot for ice fishing in the winter.

Alta Lake - Located 20 miles from Chelan has Rainbow Trout, Large Mouth Bass, and Bluegill.

13.) DOCK FISHING

A great idea for the kids is fishing from the dock at Riverwalk Park, where they can be caught fairly easily. You can also catch Silvers and Freshwater Lingcod (Burbot) in Lake Chelan. If you do not own your own fishing gear, you could run downtown and grab some at the store.

14.) MOUNTAIN BIKING

Lake Chelan is an undiscovered "Fat Tire" paradise. An easy local favorite is the old Stage-coach Road, which follows the Chelan River to where it drops nearly 400 feet to the Columbia River. You can ride out from town, cross the new bridge and take the first left. Follow the paved road until it turns to dirt, then ride on to a lookout over the Gorge. **WARNING:** The local utility district can allow water spills from the dam at any time. For your own safety do not climb down into the Gorge.

The trail continues down to Chelan Falls, if you don't mind the climb back up. Or arrange to get picked up at Powerhouse Park, and take a dip in the water after your ride.

See the Directory under Rentals

15.) ECHO RIDGE RIDING

A favorite area offering many trails with a variety of difficulties is the Echo Valley/Echo Ridge Trail System. Designed for Nordic skiing and snowmobiling in the winter, there are many trails great for families and easy rides, as well as some singletrack and hammer back trails for the more adventurous.

There are numerous trails in the Lake Chelan drainage, most of which comes under the ownership of County, State or Federal agencies. Maps are available from the Visitor Information Center toll free 1 (866) 579-8039 and the Chelan Ranger District, 428 W. Woodin Avenue, Chelan at (509) 682-2576.

To get to Echo Ridge, drive out of Chelan towards Manson on Highway 150 until you see the sign for the Echo Valley Ski Area. Follow the signs.

16.) SEE MANSON ON MOPEDS

The Manson area has three small lakes with gently sloping roads that loop around the area, perfect for a relaxing ride on a moped.

17.) HANG GLIDING OR PARAGLIDING

The Chelan Butte is a favorite for hang gliders and paragliders throughout the world. In fact, national and world competitions have been held in Chelan in past years and are scheduled again this year. You can drive to the top of the Butte and watch the pilots launch and rise in the thermals, or from town you can see the sky filled with canopies as they glide toward their landing.

18.) WIND SURF

The upper basin of Lake Chelan has great windsurfing conditions. Where the lake narrows as it heads into the heart of the Cascade Mountains, the wind often picks up in the afternoon and makes for great windsurfing. Check the directory under Rentals to rent a board and equipment.

22.) RAINBOW FALLS

Just up the road from Stehekin Landing is a beautiful 312-foot waterfall. Spring is the favorite time of year to see the falls, during the thaw from April to June, when the water flows like liquid thunder. Winter visitors occasionally enjoy the crystal blue ice of a frozen waterfall.

Narrated Bus Tour – 45 minutes round trip (departs upon arrival of the Lady of the Lake ferries)

Bicycle – rentals available at the landing Stehekin Shuttle (schedule varies seasonally around Lady of the Lake arrivals.)

23.) CRUISE TO STEHEKIN

A trip to the head of Lake Chelan feels like a journey into an unspoiled frontier, forgotten in time. Nestled in the deepest gorge in North America, Lake Chelan is Washington's largest natural body of fresh water. At first glance the lack of roads connecting the uplake communities to the rest of the region may sound daunting to travelers. But as you'll soon see, getting to the head of Lake Chelan is as enjoyable an adventure as being there!

The Lake itself provides the "water" highway for most uplake travelers. Private or charter boats give you the flexibility of stopping at one of the many trailheads or boat camps along the way.

For some, the spectacular journey to the head of Lake Chelan is enough. For most, however, the initial trip is just a tantalizing taste for all that awaits your exploration -- an area which beckons you back time and again - where no roads lead!

This excursion is known world-wide, and has been featured in such publications as National Geographic, Sunset Magazine, and the New York Times. No visit to Lake Chelan would be complete without a trip to the head of the lake -- and is not to be missed.

24.) VISIT HOLDEN VILLAGE

Holden Village, formerly a copper mine, is now a year-round ecumenical renewal and education center, rooted in Lutheran tradition and centered in the old mining town's original buildings. Accommodations are comfortable, but not plush. During the summer, daily program options are available including literature, the environment, global issues, race, culture, theology, and Bible studies. There are classes on loom or basket weaving, and pottery.

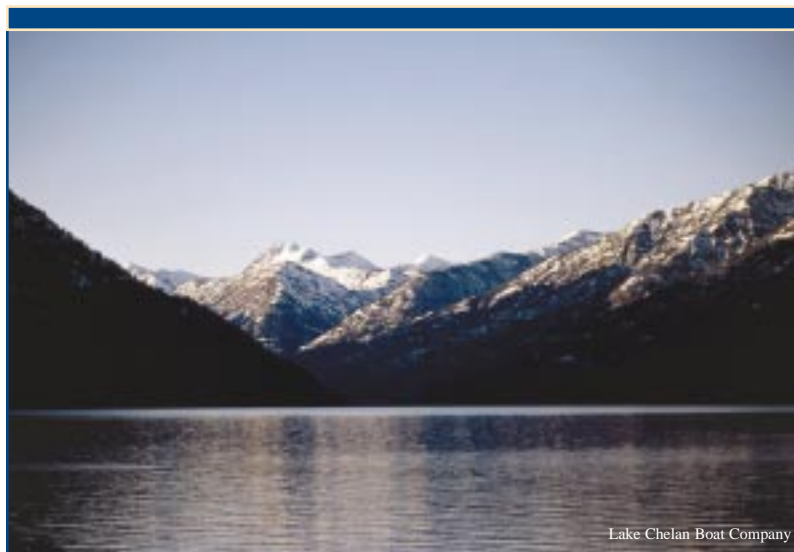

For more information, contact: Registrar, Holden Village, Chelan, WA 98816. There are no phones in Holden.

25.) HORSEBACK RIDE IN STEHEKIN

No riding experience necessary! Take a morning or afternoon ride up a mountain trail to Coon Lake. The scenic ride takes about 3 hours from the Cascade Corrals, to Coon Lake where there is a short stop to enjoy the surroundings before heading back to the ranch. Make reservations at the Courtney Log Office at the Stehekin Landing. Or for the cowboy-at-heart, try a guided pack trip for several days into the wilderness areas above the Stehekin Valley.

Cascade Corrals www.courtneycountry.com

26.) RAFT THE STEHEKIN RIVER

The Stehekin River winds down from its Cascade Mountain tributaries to empty into Lake Chelan 55 miles from Chelan. The last 11 miles of the river are great for river rafting. The first half of the trip has the most whitewater, and the latter half is a smooth, relaxing ride, meandering through the Stehekin valley. Make reservations at the Courtney Log Office at the Stehekin Landing. **Stehekin Valley Ranch at Stehekin Landing** www.courtneycountry.com

27.) HIKING IN THE STEHEKIN VALLEY

The Stehekin Valley is in the heart of the Cascade Mountains, and is part of the North Cascades National Park. It is a major entryway into the North Cascades, providing access to some of the best hiking and backpacking in the world. Trails range from short one-mile hikes to nearly 230-mile treks. Beginner, intermediate and advanced hikers can all find the perfect trail from among more than 40 trailheads listed in the Lake Chelan Valley. Ask for a detailed trail listing from the Visitor Information Center in Chelan, the Chelan Ranger District in Chelan, or the Parks Service Office at Stehekin Landing. Check the website: www.ComeToTheLake.com for detailed trail information.

Permits are required for all overnight stays in the backcountry. Camping is only permitted at designated campsites or in a

cross-country manner (which requires you to be more than a half mile from trails and more than one mile from designated campsites). Party size is limited to 12 (6 in cross-country zones) and campfires are allowed but prohibited in subalpine areas. Pets are not allowed on any trail in North Cascades National Park except the Pacific Crest Trail, where they must be on a leash.

In case you forgot anything, you can find hiking and backcountry items as well as gift items at The McGregor Mountain Outdoor Supply, the House that Jack Built, and the North Cascade Lodge Gift Shop, all located at Stehekin Landing.

34.) HIKE ECHO RIDGE

Eight miles out of town is a favorite mountain biking and hiking area. There are 18 miles of trail and numerous other old grown-over logging roads to explore in the area. The difficulty of these trails varies, but the suitability for families with children is excellent. You will walk over open ridge tops and through a young, emerging forest recovering from a devastating 1968 wildfire.

35.) HIKE THE BUTTE FACE

For some great views of Chelan there is an old double track road crossing the face of the Butte. From town, drive across the new bridge and take a left just before the high school. Follow the road as it winds around to an apartment complex and park. The Face of the Butte trail begins on the Butte to the right.

The North Cascades Stehekin Valley Lodge offers a Moonlight Snowshoe Walk, with guide and bonfire, every weekend.

60.) WAGON RIDES

A magical adventure, a unique experience, and just plain old fun. Teams of Belgian draft horses pull a bright red, circa 1880 stagecoach and will marvel you with their size, strength and gentle spirit.

80.) OHME GARDENS

Just outside Wenatchee, perched high on a rocky bluff overlooking the valley, is Ohme Gardens. The Ohme family dedicated 60 years to transforming a once barren hillside into one of America's leading gardens, visited by travelers around the world. Now owned and operated by the state of Washington, the garden will be preserved for future generations. Ohme Gardens (509) 662-5785
www.ohmegardens.com

81.) RIBBON CLIFFS

Along 97A between Wenatchee and Chelan a marker at the side of the road explains the Ribbon formations on the cliffs above. An earthquake rocked the region in December of 1872 causing a rock-slide that blocked the waters of the Columbia for several hours.

82.) COLUMBIA BREAKS FIRE INTERPRETIVE CENTER

Just north of Entiat on Highway 97A is the Columbia Breaks Fire Interpretive Center. The CBFIC Foundation erected the Chelan Butte lookout here to educate visitors about the effects of wildland fire. A brochure is available at the trailhead for a self-guided walk, which can easily be done in a half hour. Columbia Breaks Fire Interpretive Center Foundation: (509) 663-2062
www.wildfirecenter.org

83.) DESERT CANYON GOLF

Rated #2 in Washington State by Golf Digest, Desert Canyon's 18-hole, par 72 course overlooks the Columbia River. The front nine is called "Desert" and the back nine "Lakes", and the landscaping accentuates these designations to a "tee"! Club rentals are available, metal spikes are not allowed. For tee times, call (509) 784-1111.

To get there, follow Highway 97 south about 15 minutes (on the east side of the Columbia River). Turn left at Bray's Road - the course is about a mile from the turnoff.

84.) WASHINGTON APPLE COMMISSION VISITORS CENTER

Learn about the apple orchards on the Eastern side of the Cascade Mountains. There are exhibits of bee hives, apple varieties and conservation efforts, as well as a Gift Shop featuring apples and other themed items.

Hours: Monday through Friday, 8am to 5pm, Saturday 9 am to 5pm and Sunday 10am to 4pm. During May and December it is only open on weekends.

85.) ROCKY REACH DAM

Just south of Chelan on 97A is the Rocky Reach Hydro Project and Visitor Center. Here you will find the Museum of Electricity, which chronicles the development of electricity, and the Museum of the Columbia, featuring a look back at the rich history of early life along the Columbia River. Other powerhouse displays include a Nez Perce Indian collection and changing art, craft and floral exhibits. 86.) APLETS & COTLETS CANDY KITCHEN

Liberty Orchards in Cashmere, Washington, is home of Aplets & Cotlets Fruit & Nut Confections. Slow-cooked by hand and packaged on-site, you can take a tour of the factory and sample a variety of products from the traditional Aplets & Cotlets to the newest products, Fruit Festives, chocolate and sugar-free and nut-free candies.

Factory Tours are available daily April through December, and Monday through Friday January through March.

87.) LASER LIGHT SHOW AT GRAND COULEE DAM

The Grand Coulee Dam, hailed as the 8th Wonder of the World, is one of the three largest man-made structures in the world. The Laser Light Show combines colorful lasers which move across the entire span of the dam and create magnificent moving images that virtually dance across the spillway with music that can be heard on your car radio!

Grand Coulee is 75 miles east of Chelan. Take Highway 97A east to the junction with Highway 97, north past Wells Dam to Brewster, east past Chief Joseph Dam on to Grand Coulee. www.grandcouleedam.com
